Through the TranTien Foundation’s annual mission to Hue, approximately 70 surgical cases are conducted. The types of cases include breast reconstructions, repairs of traumatic injuries such as burns, and repairs of congenital deformities such as cleft lip and palate.

During this trip, Dr. Keegan was given the esteemed title of visiting professor of Hue University of Medicine and Pharmacy.

“It is extremely gratifying to use my training and skills to help patients in need and physicians alike,” commented Dr. Keegan. “Through the incredible work of the TranTien Foundation, I have the unique opportunity to work alongside and train the talented and dedicated Vietnamese Plastic and Reconstructive Surgeons in Hue. I cannot thank them enough for their hospitality and the honor of receiving the title of visiting professor.”
